## What's Changed?

### Old Site

- Dated look and feel
- Difficult to navigate
- Outdated information
- Regular feedback about problems accessing pages
- Poor visibility across different business areas
- Hard to find access to applications

### New Site

- Homepage provides a visible summary of all areas of the Wholesale Banking business
- Improved functionality for existing users logging into site including quick access to online tools and applications, improved search and filtering of research and ability to set-up RSS feeds to the latest global research and news
- Users can manage their own details via a self-service portal 'Manage my details' that collects information about users interests and allows them to maintain their own research publication subscriptions
- News and insight section enables user to view recent videos and interviews
